

New England Region Junior Volleyball

NERVA Registration

NERVA Registration is being done on-line again this year. You do not need to send any money. You must print out and a parent/guardian must acknowledge and sign the NERVA Waiver form generated at the end of this on line process. This form must be brought to the first tryouts in order to participate on December 7, 2008.

Here's how you register on-line:

Go to the NERVA website at this link:

http://www.nervajuniors.com/index.php?option=com_content&task=view&id=20

If you played for any JO club last season, NERVA should have your name in their database. Follow the directions for "**Step by Step New England Juniors Player Renewal Login Procedures**". You click on the link and then login using the password that you set up last year.

If you did **not** play for a JO club last season, click on the link below the words "**Players and Coaches that are NEW and did not register last season go to:**"

Be sure to register as "Juniors" and not "One-Time registration", and select "North Shore Juniors " as your club.

Again, in spite of what it may say, you do not send any money. We pay them later from your season fee.

Please contact Doug Beach at 978-686-8121 or beach206@verizon.net if you encounter any difficulties with this registration process.
